

Air & Noise Pollution Their Effects Control Equipment and Mitigation

by N.C.L.N. Charyulu, D.V. Ramana Rao

ISBN-13	9789374549216
ISBN-10	9374549212
Edition	First
Format	Both
Publishing Year	2026
Categories	Environmental Engineering, New Arrivals, Book Store
Original Price	₹295.00
Discounted Price	₹250.75
Stock Status	In Stock (2 available)

Description

Air & Noise Pollution Their Effects Control Equipment and Mitigation Industrial activities especially after the Industrial revolution all over the world have led to environmental problem by excessive consumption of resources and release of deleterious effluents, emissions and residues. Among the various aspects of pollutants, air, water noise are inherent characteristics, in contributing pollution in process industries. Air pollution in the form of particulates and gases are emanated from chemical and other process industries. Biological material from agricultural and other natural Phenomena are introduced or inserted into the atmospheric air.
