

Embedded System- Software and Real Time Issues

by **Shilpa Chaudhari**

ISBN-13	9789355384812
ISBN-10	9355384815
Edition	1
Format	Both
Publishing Year	2009
Categories	Computer Science Engineering, ISTE Series, Book Store
Original Price	₹649.00
Discounted Price	₹551.65
Stock Status	In Stock (2 available)

Description

This learning material is prepared to train fresh graduates and working professionals, to take up the challenges of embedded system design with special emphasis on embedded software design. Embedded system design is about designing a dedicated system, providing solution to a specific problem by implementing a specific application. Embedded system design uses all existing technologies to provide such application-oriented solution. The design begins with understanding the requirements of specifications are further implemented, using suitable technologies. The learning materials is organized to give overall view of embedded system design with special emphasis on software design.
