

Machine Drawing

by O.P. Jakhar, Amit Mathur

ISBN-13	9789386173287
ISBN-10	938617328X
Edition	First
Format	Both
Publishing Year	2025
Categories	UNIVERSITY RECOMMENDED, Mechanical Engineering, Mechanical Engineering, Book Store
Original Price	₹525.00
Discounted Price	₹393.75
Stock Status	In Stock (5 available)

Description

This book is Designed for the students of Engineering and Technology as well as specially for Mechanical Engineering Degree and Diploma students. The teaching of this course faces difficulty in explaining the various concept of machine drawing viz., orthographical projection, sectioning, complicated mechanical assembly drawing etc. Sometimes explanation requires some three dimensional and complicated drawing to be drawn on the black board which is quite impossible due to the time constraint of class. This book is an outcome of the strong need felt by students offering the course and the teaching need felt by us. The teacher can explain the related concepts, drawing methods and uses of various parts being drawn etc. in each practical class without bothering the black board. The subject matter has been compressed from the view point of Mechanical Engineering students. The book also contains Basic Drawing Softwares which describes about the basics of Auto-CAD, CATIA, PROE, ANSYS etc. which is useful for today's need of Engineering & Technology.
